

Dear **[Insert salutation]**,

Domestic violence is an issue that continues to be a silent problem plaguing our communities. It does not discriminate based on gender, race, culture, age, education level, or socioeconomic background. Domestic Violence not only rears its ugly head physically, but also emotionally, verbally, sexually, spiritually, and financially.

There are some great organizations that are helping to end domestic violence. One that I support is WINGS Program, Inc. WINGS provides housing, integrated services, education and advocacy to end domestic violence. They are the largest domestic violence housing agency in Illinois.

WINGS has a very diverse funding base that includes three resale stores in Schaumburg, Arlington Heights, and Niles which help to provide income for the operations of their programs; as well, clients are able to shop at no cost for necessary furnishings, clothing, and other basics to help them feel safe and secure in their new, independent and violence-free lives. For more information about WINGS, go to wingsprogram.com.

To help WINGS, I will be holding **[insert type of drive]** on **[date]**. The donations collected at my event will be donated to their stores. This is a great opportunity to make a difference in our community. Will you join me to help those in need?

[Insert the details of your drive here]

Please R.S.V.P. by **[date]**. I look forward to seeing you!
