Job Descriptions

Registration assistant – Volunteers will help with the process of participants checking in. They will check if the participant is registered by last name and if so then give them their race materials.

Post-race registration/food – Once registration is closed the tents will be used for food primarily. Volunteers will help organize the food and monitor it while participants are finishing. Shirt exchanging will also be going on. Participants will be asking to exchange their shirts for a different size and at this time it is okay as long as they didn't run in it.

Course Marshal – Course marshals will be placed on the course (in pairs of two minimum) and help direct the participants so they run the correct way. Here we ask the volunteers to be as enthusiastic as possible encouraging the runners to have a good time.

Water Station – Volunteers assigned to the water station will fill up cups of water and help distribute them to passing participants.

Finish Line - Volunteers assigned to the finish line will help distribute water bottles and finisher medals to participants crossing the finish line.

*Volunteers will more than likely work more than one job throughout the event.
